# Product Specification Sheet

## Targus Blacktop 15.6” Standard Laptop Case w/ Dome Protection

**Part #: CBT301DCA**

### Product Description:

The Targus Blacktop 15.6” Standard Laptop Case with Dome Protection offers unique style in a highly functional case. The patented Targus Dome Protection System™ prevents scratches caused when the laptop screen is forced into the keyboard during travel. The padded compartment keeps your laptop safe, while the durable nylon materials and signature rubber tread around the case bottom provide a stylish design element and shock absorption. This case includes a number of storage compartments and a front flap pocket for quick access to items you need most: airline ticket, passport, PDA, pens, keys and business cards. The main compartment includes a large mesh pocket and two padded pockets for accessories as well as scratch-resistant sleeves to hold five CD/DVDs. For additional travel convenience, the luggage strap allows the user to easily attach this case to rolling luggage.
